

# KNEELING SHEPHERD

Pattern on Page 72

This design combines the elements of Joseph's facial features with Mary's kneeling posture. You should be well armed in accomplishing this carving. Paint the shepherd similar to the shepherd holding the lamb to signify that they are akin. Take care when

carving this shepherd's face. Because of the bowed position of the head, the grain direction will force you to carve from top to bottom. The block measures 3" x 3 1/2" x 5 1/2".
